Why we should work together !

I'm a natural problem solver.

I have good interpersonal skills, ability to function as part of a team that might include end-users as well as other technical staff.

What am I looking for ?

Working with cool people on cool projects.
Feeling as part of a team.

Achieving challenging projects and providing smart tools for the clients to improve their business / projects / lives :)

Hobbies & Interests

Mountain all over seasons : hiking, skiing, snowshoeing, snowboarding
Travels : last year I've traveled solo for 6 months, across Canada and the United States
Domotic at home (jeedom)
Video and board games
Personality profile, non-verbal communication
